### BOARD OF TRUSTEES

#### INAUGURATE PROCEEDINGS TO SECURE ADEQUATE FIRE EQUIPMENT

The Board of Trustees met in regular session at the City Hall at 8:05 p.m. September 13, 1917.

Present at roll call: Grist, Jackson, Muhleman, Thompson.

Absent: Woodberry.

The minutes of the last regular meeting were read and approved.

The minutes of the adjourned meeting of September 11th were read and a correction ordered to be made on page 27 referring to the report of the Manager of the Public Service Department in regard to wages, quoting him as reporting that "a comparison is difficult on account of varying rules, but as a rule linemen's wages are generally higher in Los Angeles and Pasadena than in Glendale." On motion, the minutes as corrected were ordered to be approved.

An application was read from Joe Verdugo requesting a permit to hunt within the city limits, which, on motion, was granted.

A communication was read from the Los Angeles County Council of Defense urging upon every incorporated city within the county the establishment of a free registry office for help wanted and situations wanted. The same to use blanks supplied by the State Bureau and to work in connection with the State Labor Bureau in Los Angeles. On motion of Trustee Jackson, the communication was referred to the City Manager for investigation and report.

On motion of Trustee Muhleman, it was ordered that the hearing in regard to the improvement of a portion of Milford street between Central avenue and Brand boulevard be taken up at this time. On motion of Trustee Jackson, the protests that had been filed were disregarded as not having been filed within the legal time limit.

The City Manager presented a report accompanied by an estimate of the cost of fire fighting equipment, the total amount of the estimate being \$17,000.00. On motion of Trustee Muhleman, the report was received and ordered to be filed.

On motion, Resolution No. 967, "A Resolution of the Board of Trustees of the City of Glendale declaring that the public interest and necessity demand the acquisition of a certain municipal improvement, the cost of which will be too great to be paid out of the ordinary annual income and revenue of said city," was taken up for reading. On motion of Trustee Jackson, the same upon being read was adopted.

A communication was read from Commissioner Edwin O. Edgerton of the State Railroad Commission in reply to a communication sent to that body by the City Manager and the Manager of the Public Service Department, in reference to the action of the Commission in allowing an increase in the price of gas in the City of Glendale. The Commissioner stated that it was true that the City of Glendale had not been officially notified of the request by the gas company to be granted an increase of rates, and stating further that if this city is convinced that the Commission proceeded upon an unsound basis in fixing the rates for Glendale, and will file an application setting forth the grounds upon which it bases this contention, a hearing will be given on this application and evidence and arguments will be received. On motion of Trustee Grist, the communication was ordered to be received and filed.

The City Manager presented a lease covering Lots 8 and 10, Block 4 of the City of Glendale, desirable to be secured for the use of the Street Department. On motion of Trustee Muhleman, the proper officials were authorized to sign the same.

Trustee Muhleman presented a report of the committee which had visited San Diego and La Jolla investigating septic tanks. On motion, the report was ordered to be received and filed.

On motion of Trustee Muhleman, it was ordered that the proper officials of the city sign an acceptance of the Layne & Bowler Company for the amount due for pump purchased, subject to the approval of the Manager of the Public Service Department.

On motion, Resolution No. 969, "A Resolution of the Board of Trustees of the City of Glendale ordering certain improvements to be made on a portion of Milford Street in said city," was taken up for reading. On motion of Trustee Jackson, the same upon being read, was adopted.

On motion of Trustee Jackson, it was ordered that the following employees of the Public Service Department receive an advance in wages

#### FIRE DEPARTMENT EQUIPMENT

Every owner of business and residence buildings in Glendale is aware that the City of Glendale should be provided with a better fire fighting equipment. Thus far the city has been very fortunate in not having any destructive fires, but her past good fortune does not insure against future loss by fire. Several attempts have been made in the past few years to provide money for purchasing better equipment, but the project failed on account of a lack of interest on the part of those who should be interested in the city's welfare.

The City Trustees have prepared a list of items which if added to the present fire equipment would make it quite complete. They are as follows:

1 Pumping Engine.....	\$11,000.00
2000 ft. Fire Hose for new truck.....	2,000.00
2000 ft. 1-in. chemical hose.....	120.00
400 ft. 1½-in. fire hose.....	340.00
Pump installed on present apparatus.....	1,500.00
1 light service car with 20 gallon chemical tank and other equipment....	1,500.00
2 Siamese connections.....	60.00
Partitions and furniture for station.....	300.00
Miscellaneous nozzles, tips and tools.....	180.00
	\$17,000.00

A resolution was passed by the board of trustees at Thursday evening's meeting declaring that the public interest and necessity demand additional firefighting equipment, the cost of which will be too great to be paid out of the ordinary annual income and revenue of the city. This resolution is the forerunner to an ordinance which will be published later, calling for an election to vote on the question of issuing bonds to the amount of \$17,000 for the purpose of purchasing said fire equipment.

### U. S. TO FIGHT GERMAN INTRIGUE

#### REVELATION OF Duplicity of SWEDISH Charge in MEXICO CITY AROUSES STATE DEPARTMENT

(Special Service to Glendale Evening News)

WASHINGTON, September 14.—The United States is aiming to sweep German intrigue out of three nations.—Argentine Sweden and Mexico. She would convince Teuton liberals that the world is unsafe while such plotting exists. That is the meaning of the new revelation about Sweden's part in assisting Germany revealed in a letter from Herr von Eckhart, German minister in Mexico City, to the German chancellor. This letter proves that Sweden not only transmitted Germany's messages but that she was in league with Germany as a spy. Von Eckhart, in this letter, recommends that Folke Cronholm, Swedish minister at Mexico City, be honored with the crown order of the second class in view of his services in acting as intermediary for messages between the German legation in Mexico City and Berlin, as well as securing information from the entente allies which was forwarded to Berlin. Von Eckhart suggests to the chancellor that should such German decoration be bestowed upon the Swedish minister, the fact should be kept secret until after the war.

(Special Service to Glendale Evening News)

PARIS, September 14.—Hand to hand fighting marked the French repulse of formidable offensive blows by German troops around Casemate plateau north of the Aisne. The assault came after particularly heavy bombardment. The French met the storm and forced back the German troops with heavy losses.

### KORNILOFF'S SURRENDER IMMINENT

#### WIDE-SPREAD PUBLIC DEMAND THAT THE DEATH PENALTY BE REVIVED FOR REBELS

(Special Service to Glendale Evening News)

PETROGRAD, September 14.—What punishment will be meted out to Gen. Korniloff is to be determined. Four members of the Russian cabinet have resigned. The personal surrender of the revolting army chief is imminent. There is a wide-spread public demand that those responsible for the rebellion be severely dealt with.

### GEN. GRIMOFF A SUICIDE

#### LEADER OF KORNILOFF'S REVOLTING FORCES KILLS HIMSELF WHEN ALL HOPE OF SUCCESS IS LOST

(Special Service to Glendale Evening News)

PETROGRAD, September 14.—Gen. Grimoff, who commanded Gen. Korniloff's rebellious army and ordered them to surrender when all hope was lost, committed suicide to-day.

### TYphoon Brings Destruction

#### AMERICAN CONSULATE DESTROYED IN TERRIFIC STORM WHICH KILLED MANY AT AMOY, CHINA

(Special Service to Glendale Evening News)

WASHINGTON, September 14.—Many lives were lost and much damage done to buildings, including the American consulate, in a severe typhoon which swept Amoy, China, the State department announced to-day.

### FOR UNEXPECTED WAR EXPENSE

#### LOWER HOUSE CONSIDERS MEASURE PROVIDING CLOSE TO SEVEN BILLIONS FOR EMERGENCY

(Special Service to Glendale Evening News)

WASHINGTON, September 14.—Over two billion dollars were added to the urgent deficiency bill when the House began work on it to-day. Instead of providing for \$4,810,000,000 the measure will call for close to \$7,000,000,000. All extra expenditures are for "unexpected purchases," Chairman Fitzgerald of the House Appropriations committee said.

### NEW SONG HIT

#### GLENDALE MEN ARE AUTHORS OF LATEST POPULAR WAR-TIME SONG

A. M. Salyer of the Glendale Music Co. and Frederick Grover, violinist and composer and member of the Gade trio, have just published a song that is already leaping into popularity and promises to become the American "Tipperary." The title of the song is "Better Let Sam Alone." The words were written by Mr. Salyer and have the proper punch for a popular song. Mr. Grover is a composer of considerable standing, but this is his first attempt at composing music of the lighter class intended to appeal to the popular fancy. It is the kind of a song that once having heard you all can forget.

The Gade Trio played "Better Let Sam Alone" at the Palace Grand theatre Thursday evening and it received a great ovation although few in the audience knew what the selection was.

The song was received from the publishers Monday and copies were sent out to dealers all over the country. As early as Thursday orders began to come in and from all indications this composition will bring in a nice little sum of money for its authors as well as becoming the popular song of the day.

### CHANGE PLANS FOR RED CROSS

Glen Eyrie Chapter, O. E. S., had another of its successful meetings, Thursday evening. There was a splendid showing of members present, as well as visitors. Mrs. A. M. Beaman, worthy matron, who has been ill, was able to preside. Mr. and Mrs. W. S. Rattray were initiated into the order.

On account of the war the members voted to dispense with the annual banquet this year and in its place give a card party, proceeds to go to the Red Cross. Score cards will be 25 cents. All who are interested in rendering assistance to the Red Cross in its work of mercy will find this an opportunity of doing so and at the same time spend an enjoyable evening. Glen Eyrie's card parties are always a joy and the personnel of the following committee, which has the party in charge, is a guarantee of a good time: Mrs. Warren Q. Roberts, chairman, Mrs. A. W. Tower, Miss Fredonia Borthwick, Miss May Cornwell, Mrs. E. U. Emery, Mrs. Lawrence Ellis, Mr. C. O. Pulliam.

### BIRTHDAY DINNER DANCE

Mrs. William Clifton Cutler planned and executed a most complete surprise on Mr. Cutler at their home, 1327 North Louise street, the occasion being his fiftieth birthday anniversary. The celebration took the form of a dinner dance. On returning from a ride, Mr. Cutler found his home in possession of a number of his friends and an elaborate dinner prepared by Mrs. Cutler. The house was artistically decorated in a red and green color scheme, canna being used in the spacious rooms and crimson salvia on the beautifully appointed table. A birthday cake decorated with red candles was cut with all the merriment usually accompanying that ceremony. Wishes were made and much hilarity provoked. The last course of the dinner was delicious ripe dates from trees growing at Mecca, California.

Mr. Cutler was the recipient of a beautiful sapphire ring, the sapphire being his birth stone.

Dancing followed the delicious dinner and all departed at one a.m., wishing Mr. Cutler birthday many and often, if this was a sample of what Mrs. Cutler could do in the way of a celebration.

The guests who enjoyed this charming affair were Mr. and Mrs. John Gray, Miss Margaret and Miss Maud Gray and John Gray, Mr. and Mrs. M. E. Dowling, Mr. and Mrs. C. H. Hine, all of Los Angeles, Mr. and Mrs. C. F. Martin, Sawtelle, Miss Elsie Palmer and Paul Palmer, Mecca, Mr. and Mrs. Gilbert Walker and Miss Josephine Miller.

The hours were flying by and still Aly, the bore, remained with her. "Do you like music?" she inquired listlessly. "Yes," he replied, "I am always carried away by music." She flew to the piano and played several airs. Then she turned and looked at him. "You are not gone yet?" "No," he answered. "But you told me that music always carried you away?" The Sunday school teacher was explaining to the children how Sunday came to be instituted. "The Lord worked for six days," she said, "and rested on the seventh day. Therefore the Lord blessed the seventh day and hallowed it. Now has any child any question to ask?" Willie put up his hand. "Willie wishes to ask a question. What is it, Willie?" "Why did th' Lord pick such a dead day as Sunday for a holiday?" asked Willie. The teacher couldn't explain.

## LABOR AGITATORS AND POLITICIANS HURT MONTANA

The safety of our nation depends to a large extent upon Montana's enormous copper production.

In the face of this, labor agitators and vote seeking politicians were successful in closing mining and smelting operations in the state's great mines and reduction plants, throwing thousands of men out of work and curtailing the copper supply so necessary to the government at this time.

The trouble seems to be entirely technical and at the instigation of I. W. W. and radical leaders. There seems to be no complaint at wages, which are the highest on record.

The mine operators have voluntarily raised wages to \$5.25 a day at present price of copper and the majority of miners and smelter men wish to work but are restrained by threats and violence.

Industrial activity has been paralyzed in several of Montana's most prosperous cities. The men who have brought this about care nothing for the individual miner, they are employed agitators, who pay no taxes, pay no wages and when this trouble is settled, move on to stir up strife elsewhere until sufficient time has elapsed to return to Montana for another haul. In the meantime the common laborer pays the bill.

Combined with the labor agitator in Montana there seems to be certain politicians seeking to round up future labor votes by joining in the crusade of radicalism against the state's industries.

Such actions from paid employees of the people place the state in an unenviable light before the investing public and the results of a policy such as this, long continued, will have disastrous effect.

The Manufacturer.

### Why Tin Cans Must Go

To put coffee up in tin cans costs 7 cents per pound and up, depending on kind of can, color, label, etc. That means there cannot be more than thirty-three cents' worth of coffee in a 40-cent can. That's nearly one-fifth waste.

You must get as near one hundred per cent. food value for the money as possible under present conditions. You can't stand for a twenty per cent. unnecessary waste. The tin can must go. This will result in better values to the consumer.

Buy your coffee in bulk only from a coffee expert who understands the blending and roasting, and obtain that rich flavor and delicate aroma so much enjoyed by all lovers of a good cup of coffee.

### "CANDY DAY" FOR "OUR BOYS"

(Continued from page 1)  
C. A. building; our boys have not even a table at which to sit. If they want to write, they sit on an end of their cot and see their way by means of a flickering candle. There is no place where they can congregate, to enjoy quiet or make merry; no building, or an apology for one, where they can dance amongst themselves or read or write. Nothing but their bitty bed and a candle. In other camps, buildings are being erected, State of California, )  
H. E. Bartlett, past president of the same organization, were present at the luncheon and meeting of the presidents' council of Los Angeles District Federated Clubs in the Wednesday Morning club house, Los Angeles on Thursday.

Mrs. William Ramsay, president of the Tuesday Afternoon club, and Mrs. H. E. Bartlett, past president of the same organization, were present at the luncheon and meeting of the presidents' council of Los Angeles District Federated Clubs in the Wednesday Morning club house, Los Angeles, on Thursday. The board meeting was followed by a delicious luncheon, the board being the guests of the ladies of the Wednesday Morning club.

Past presidents of the district and the press were also guests at the luncheon. In the afternoon a presidents' council was held. Miss Mary Foy was the principal speaker. Mrs. C. C. Arnold of Riverside, president of the Southern District, was also a guest.

As they lack so much in many ways, cannot we Glendale folks do something for them? Who will offer to pay for a three months' subscription to the Times, the Tribune, the Glendale Evening News, to be sent daily to these boys? One friend has already ordered the Weekly Glendale News for one year to be sent the camp at his expense. How many folks will contribute interesting books, fiction, mechanical, scientific, to form the nucleus of a library for our boys?

And because our boys are peculiarly isolated, can not we show our practical remembrance by sending them 100 pies some day, 30 or 40 pounds of home-made candy, or something similar? Let us do something to make the boys feel good. I have no automobile, but it ought not to be impossible to find someone willing to load up an auto with pies or candy, and I am sure Sergeant McElroy will arrange to have a motor launch ready to take the sweet stuff to camp.

Hollywood has had a "pie day" for its boys, also an "ice cream day." Let Glendale have its "pie day" and its "candy day." There are surely 50 women and girls in Glendale who would gladly make each a pound of home-made candy for sake of the boys. And there are surely mothers in Glendale whose boys are not drafted who would be glad to help out by each making a pie.

Suppose we arrange a "candy day" for next week. Let us begin now to make fudge, etc., and when some kind friend volunteers an automobile, we will fix the exact day and ask the privilege of gathering together our goodies at the Chamber of Commerce, whence they will be conveyed to San Pedro and Dead Man's Island. I would be glad to receive promises over the phone from friends willing to contribute candy for our boys at camp. Sunset Glendale 394.

Yours truly,  
NANNO WOODS.

### HIGH SCHOOL NOTES

High School has now practically settled down to business after three days of arranging and rearranging of programs. Many new and charming teachers have come to take the place of others who have left. The whole school welcomes back Miss Flood and Miss Darsie, who have spent the past year at Columbia University, where they have gained many new and helpful ideas.

Miss Flood is director of a class in vocational study, which is calculated to assist pupils in choosing their life work. No small interest attaches to the trips she has planned to take with her classes to Los Angeles, where they will visit many industries.

A new history class has been formed under the charge of Miss Darsie, which will enable the students to get the usual three-year course of the World History in two years. The number of foreign languages taught will be increased by the addition of French. This also will be given by Miss Darsie.

The French class is larger than expected, owing to the fact that German is rather unpopular in these times.

The freshmen, more intimately known as "Scrubs," have an unusually large enrollment, being nearly one hundred and fifty in number. They already show signs of originality in selecting such unexpected courses of study that special classes in algebra and Spanish have had to be formed for their benefit.

There has not as yet been much time for class meetings and similar activities. However, the sophomore boys and girls have each met to discuss, the highly important question of their new class sweaters, in which they will soon appear.

After the usual outburst of school spirit, Prof. Moyse gave a fatherly talk yesterday at assembly, in which he admonished the upper classes to deal gently with the Scrubs, and any tendency toward hazing, he said, would be promptly dealt with.

Mr. Whiting and myself have long since ceased to be partners, but we occupy the same offices to cut our expenses and because we are congenial. Our respective businesses are entirely separate.

Mr. Whiting handles real estate and rentals. I handle neither. Both of us do a general insurance business. In this we are friendly rivals.

I handle loans and mortgages. Mr. Whiting does not.

## STATE NEWS

(Continued from Page 1)

MARYSVILLE, Cal., Sept. 14.—The body of Wong Church, wealthy Chinese hod buyer, has started on its long journey back to China. Contrary to usual custom, the body was not first buried for a year and then the bones sent back to the Orient. Wong, being a Chinaman of high position, was honored by having his body shipped intact—without interment first on foreign soil.

HANFORD, Cal., Sept. 14.—The annual Kings county fair opens here September 17 and continues until September 22. Delegations of boosters this week visited nearby towns, working enthusiasm to a high pitch.

MARYSVILLE, Cal., Sept. 14.—Estimates of the Yuba county bean crop place it at 80,000 sacks, which, at a valuation of \$7.50 per sack, means a crop worth about \$600,000. The Arboga district alone is expected to yield a \$300,000 crop. Reports from Sutter county indicate the Sutter crop will be even heavier than that of Yuba county.

SAN FRANCISCO, Cal., Sept. 14.—Carl Wagner, whose father is a wealthy brewer able to buy his son all the automobiles any healthy young American could drive, preferred adventure to safety. So, about two months ago he helped himself to M. C. McFarland's automobile. Six months' probation was the result.

BERKELEY, Cal., Sept. 14.—Because real war is at hand and it is a war in which battles are won by steel and not enchanting music, the cadet band of the University of California has been disbanded. A new student band of "non-combatants" is being formed to fill the place of the cadets at the university functions.

SAN FRANCISCO, Sept. 14.—Alfred Gay, American, aged 22, who has a record of having downed six German airplanes in the fighting in France, is en route to his old home in San Francisco to-day. He suffered an honorable wound in a recent fight and was given a furlough to recuperate. He started immediately for his old home in this city, having just arrived in New York from Barcelona on a Spanish liner. When the war broke out Gay was living with his father—a lawyer—and his brother in England. All enlisted, Alfred being the youngest entering the ambulance corps. The father and brother were killed and young Gay was transferred to the flying corps. He wears the British Military Cross and the Distinguished Service Medal.

SANTA ANA, Cal., Sept. 14.—A forty per cent walnut crop with many otherwise good nuts being thrown among the culls on account of blemishes is the prospect for Orange county this season, according to County Horticultural Commissioner Bishop. A hot spell at the critical

stage of growth turned what would have been a bumper crop into a much less satisfactory yield. Picking has just begun.

BERKELEY, Cal., Sept. 14.—S. T. Moisant, freshman of the University of California, has given up a fortune that he might follow the footsteps of his father and become an aviator. Moisant's father won fame as one of France's aviators but met his death in a fall from his machine. His will left the son vast wealth, but added the proviso that if young Moisant became an aviator he would forfeit the fortune.

The young Moisant has joined the American aviation corps and now is in training at San Diego—preparation to doing his bit in France.

MODESTO, Cal., Sept. 14.—"Casey" is just plain dog—pure dog. But he is a deputy sheriff with a record of at least one capture to his credit. He belongs to Sheriff Geo. T. Davis of Stanislaus county. "Casey" had just been deputized when he heard a noise outside the Davis home. He investigated. He found someone had cut a hole through the screen of the porch and even then was in the bath-room. The canine deputy acted quickly. He set himself to guard the door and began to bark. It took about ten seconds before the sheriff arrived, handcuffed the intruder and with "Casey" snarling at the prisoner's heels, marched the man to jail.

Mrs. J. L. Hauber spent a few days with Miss Marguerite in Los Angeles.

Mr. Wm. Fahey has just returned from a short trip to San Francisco.

Mrs. Lewenstein and Miss Ethel were up at the home place on Monday last.

It is rumored that Dr. Weber will soon build on his place fronting on Montrose avenue.

An old lady who had been introduced to a doctor who was also a professor in a university felt somewhat puzzled as to how she would address the great man. "Shall I call you 'doctor' or 'professor'?" she asked. "Oh! just as you wish," was the reply; "as a matter of fact some people call me an old idiot." "Indeed," she said, sweetly, "but, then, they are people that know you."

Extract from a Soldier's Letter

York, Penn., Sept. 8, 1917.

On our way back from Gettysburg after a great time on the site of that famous battle. The first morning we marched over Little Round Top, Big Round Top, Devil's Den and the field held by the Union left.

In the afternoon we rode over the field in ambulances. We camped at night on that part of the field over which Gen. Pickett led the forlorn hope on the last day of the battle.

About 20,000 regulars are camped there, so we had lots of company.

The Japanese envoy was visiting there also. Scattered over the fields are hundreds of monuments and most of

it has been parked. We reached York yesterday p. m., a city of 60,000 inhabitants. An entertainment was scheduled, including a luncheon, music, etc., but rain caused a delay of

all but the band concert. At 11:30 when I turned in, streams were running under our Pup tents, so I slept in an ambulance. We leave for Alton tomorrow via Harrisburg. Reading and way towns. We came through Hershey, of chocolate fame,

where I saw alive all we see printed on post cards.
